

DENTAL APPOINTMENT

POLICY

We are a clinic staffed by mostly volunteers who are here to help better the oral health of our children. Our volunteers give of their time often and freely, but like to be productive when in our clinic.

For that reason, if you are more than 15 minutes late we reserve the right to give your appointment time to another child in need, and reschedule your child's appointment to our next available time.

I have read and understand this dental appointment policy:
